WHERE DERMATOLOGY EXPERTS CONVERGE

A Message from Our Faculty

Dear Colleagues,

On behalf of our chairs and faculty, we welcome you to the 14th annual ODAC, an innovative conference guaranteed to change the way you practice **medical, surgical, and aesthetic dermatology**.

Over the next four days, you will join the ranks of the foremost pioneers in dermatology to share progressive medical, surgical and cosmetic insights, in a highly interactive format.

- Discuss the next generation of diagnostic approaches and evidence-based treatments
- Observe cutting-edge procedures and techniques with live demonstrations of novel products and emerging technologies
- Review clinical trial results and discuss case-studies in both large and small group settings
- Cultivate relationships with colleagues and leaders actively shaping the future of dermatology

ODAC recognizes that you hold the vision, highly specialized expertise, and unique training that drives dermatology. We thank each of you for being part of this exclusive event.

James Spencer, MD, MS
Conference Chair

Perry Robins, MD
Conference Chair Emeritus

Joel L. Cohen, MD
Vice Conference Chair

Susan H. Weinkle, MD
Vice Conference Chair

Adam Friedman, MD, FAAD
Conference Medical Director

2017 Esteemed Faculty

Andrew F. Alexis, MD, MPH

Sima Jain, MD

Neal Bhatia, MD

Leon Kircik, MD

Martin Braun, MD

Robert Kirsner, MD, PhD

Vivian Bucay, MD

Ron Moy, MD

Jeffrey Callen, MD

Keyvan Nouri, MD

Justin Finch, MD

Jason Pozner, MD

Linda Stein Gold, MD

Wendy E. Roberts, MD, FAAD

Robert Gotkin, MD

E. Vic Ross, MD

Lisa D. Grunebaum, MD

Deborah S. Sarnoff, MD, FAAD, FACP

William Hanke, MD, FACP

Connect to WiFi Network **Array_ODAC** in
General Session and go to **www.ArrayLearn.com**
for Faculty Updates and more!

Important Show Information

COMPLIMENTARY WIFI + EVENT TECHNOLOGY

There are **two** distinct WiFi services designed to give ODAC attendees the ultimate, interactive event experience.

1. Complimentary WiFi throughout the main conference area - **Network: TND Events**
Password: ValeantPharma
Supported by  VALEANT
Pharmaceuticals North America
2. Dedicated WiFi to participate in General Session by connecting your tablet or device to the ODAC Event Technology

INTERACTIVE GENERAL SESSION - BYOT

Bring your own tablet to General Session to view/save PPT slides, take notes, ask Q&A, browse posters, surveys and more.

- Connect to WiFi Network Array_ODAC
- Open browser i.e. Chrome, Safari, Firefox, & IE 9.0+
- Type in the address www.ArrayLearn.com
- Login with your email address to browse the program, faculty, supporters, surveys, polls, and ODAC materials
- Click the button Live Slides to see the presentations in real time

There are a limited number of tablets available upon request.

SOCIAL MEDIA FOMO CONTEST

Give your colleagues a serious case of FOMO (fear of missing out) and **win \$500!** Each tweet/retweet, share, post, etc. with hashtag #ODAC is an entry to win. Include an exhibitor in your upload for a double entry. **UNLIMITED ENTRIES!** Don't forget to set your post to "public."

The winner's name will be announced on our social media sites.

Follow ODAC for live updates

 @ODAC_Derm  @ODACderm  @odac_derm

HOW TO CLAIM CME/CE

Following today's program, please go to the Creighton University HSCE Website <https://healthsciences.creighton.edu>. Click on the Continuing Education tab located near the top right, and then click on Course Evaluations located on the left side of the page. Please complete the evaluation for ODAC by February 24, 2017. If you have any questions, please contact Creighton University Health Sciences Continuing Education at (402) 280-1830.

POSTER SESSION

Posters are available in Ballroom D/Foyer and online. Connect to WiFi **Array_ODAC** on your device in General Session and go to www.ArrayLearn.com
Supported by  ACLARIS
Illuminating Science. Empowering Patients.

SAVE THE DATE - ODAC MIAMI 2018

REGISTRATION HOURS

Friday: 7:00 am - 6:00 pm
Saturday: 6:30 am - 6:00 pm
Sunday: 7:00 am - 6:00 pm
Monday: 7:30 am - 9:00 am

For general conference information
please visit the Registration Desk.

Must Attend Events

FRIDAY

▶ 6:30 – 8:30pm | Welcome Reception

Wine and dine with colleagues and friends in the exhibit hall.

Location: Exhibit Hall

SATURDAY

▶ 7:20 – 8:20am | Breakfast Workshops

Breakthrough Innovations from SkinMedica – Lytera 2.0

Faculty: Vivian Bucay, MD

Location: Ballroom B

SAMPLE DISTRIBUTION

Comprehensive Treatment Approaches in the Management of Rosacea

Faculty: Linda Stein Gold, MD

Location: Ballroom A

Taltz® (Ixezumab): An Expert Review of the Clinical Data

Faculty: Francisco A. Kerdel, MD

Location: Ballroom C

▶ 4:15 – 5:15pm | Afternoon Workshops

Photodynamic Therapy in the Clinical Practice

Faculty: William Hanke, MD and Joel Cohen, MD

Location: Ballroom B (Space is Limited)

The Science Behind Cosmeceuticals

Faculty: Vivian Bucay, MD and Hilary Baldin, MD

Location: Ballroom A (Space is Limited)

SAMPLE DISTRIBUTION

▶ 5:30 – 7:00pm | Dinner Events

Aczone (Dapsone) 7.5% Gel: A Unique Treatment Option

Faculty: Leon Kircik, MD and Linda Stein Gold, MD

Location: White Gold B&C

RESIDENTS & NEW DERMS

Advances In The Management Of Acne

Faculty: Pearl Kwong, MD PhD

Location: Ivanka A

SUNDAY

▶ 7:20 – 8:20am | Breakfast Workshops

Coordinating Care to Improve Outcomes in Patients with Psoriatic Arthritis: Bridging Rheumatology and Dermatology

Faculty: Leon Kircik, MD and Alan Gibofsky, MD

Location: Ballroom B

The Role of Cutaneous Microbiota Harmony in Maintaining a Functional Skin Barrier

Faculty: Adam Friedman, MD and Sophie Seite, PhD

Location: Ballroom A

SAMPLE DISTRIBUTION

▶ 5:30 – 7:00pm | Dinner Symposia

GAIN Presents MomGenes: A Live Injection Symposium

Faculty: Susan Weinkle, MD

Location: Ballroom A&B

LIVE DEMOS

▶ 6:00 – 8:00pm | Aurora Diagnostics Resident Reception

Location: The Living Room Lounge

MONDAY

▶ 8:00am – 12:30pm

Aesthetic Training for Residents, New Derms and Beyond

Faculty: Justin Finch, MD, Robert Gotkin, MD and Deborah Sarnoff, MD

Location: General Session

PREMIERE SPONSORS

Illuminating Science. Empowering Patients

Allergan's Total Rejuvenation™ portfolio is where science and aesthetics meet. The portfolio provides medical specialists and their patients with the most comprehensive, science-based aesthetic product offerings available

Aurora Diagnostics is focused on servicing the unique needs of today's dermatologist with customized dermatopathology and professional services.

The AVEENO® Brand, one of the brands of Johnson & Johnson Consumer Inc., offers a complete line of skincare products featuring ACTIVE NATURALS® ingredients to provide gentle, yet effective solutions for all skin types.

DUSA Pharmaceuticals, a Sun Pharma Company, is an integrated, dermatology pharmaceutical company focused primarily on the development and marketing of its Levulan® Photodynamic Therapy (PDT) technology platform.

Galderma is a leader in research and development of scientifically-defined and medically-proven solutions for the skin, hair and nails.

The Journal of Drugs in Dermatology (JDD) is a full-color, peer-reviewed publication indexed with MEDLINE® / PubMed®, offering one of the fastest routes for the dissemination of dermatologic information.

La Roche-Posay offers a unique range of daily skincare developed with dermatologists to meet their standards in efficacy, tolerance and elegant textures for increased compliance.

Lilly is a global healthcare leader that unites caring with discovery to make life better for people around the world.

At Merz, we concentrate on therapeutic areas that demonstrate a need for innovation, as well as patient benefit from a medical perspective.

Next Steps in Derm is a complimentary online resource center built to meet your needs as a new physician in the field of dermatology.

Procter & Gamble partners with leading health care professionals and scientists to develop breakthrough products that help improve the quality of patients' lives.

At Pfizer, we apply science and our global resources to bring therapies to people that extend and significantly improve their lives.

Sciton is a leading manufacturer and provider of superior laser and light based aesthetic solutions.

SkinCeuticals professional skin care, formulated to correct signs of aging, protect healthy skin, and prevent future damage, is used for daily homecare and to complement aesthetic procedures.

PROVEN RESULTS. BASED IN SCIENCE Decades of scientific research and innovative breakthroughs. SkinMedica® professional skin care products are the result of almost two decades of research and clinical experience.

ODAC 2017 is an Interactive Meeting

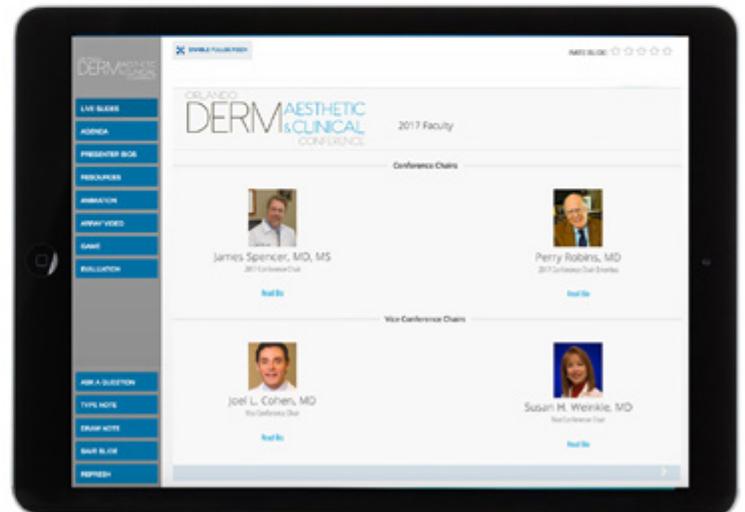

We are pleased to create a truly interactive and engaging meeting again this year. You can participate in polls, surveys, evaluations, ask questions, take notes and save slides through the Array technology on your own tablets and laptops for the best viewing experience. Smartphones are compatible, but not optimal.

To participate, please bring your dedicated device to General Session and follow these steps:

- Connect your WiFi to Array_ODAC Network
- Open up any compatible web browser (Chrome, Safari, Firefox, & IE 9.0+)
- Type in the address www.ArrayLearn.com

Login with your email address and begin browsing the resources. Once the presentation starts, click on the **Live Slides** button to see realtime slides.

We thank you for your participation and hope you enjoy the interactive experience.

Accreditation Statement

Program Overview & Statement of Need

The field of dermatology is constantly evolving. Physicians and medical professionals must keep current on emerging dermatological issues, techniques, and treatment skills in order to safely and effectively meet their patients' needs. ODAC delivers a comprehensive and compelling look at the practice of dermatology with a strong focus on timely issues affecting dermatological practice. ODAC provides attendees with an understanding of the evolution of both clinical and aesthetic dermatology as a medical and surgical discipline.

Educational Method

The ODAC conference consists of didactic lecture presentations, case-study review, case-based learning in small groups, simulation-based medical education, live demonstrations and hands-on live patient injections. The ODAC program also has several question and answer opportunities including the use of real-time, interactive audience response systems.

Intended Audience

The intended audience for this symposium includes dermatologists, dermatology residents, fellows and young practitioners, dermatology nurse practitioners and physician assistants, and other physicians with an interest in management of cutaneous diseases, disorders and the aesthetic treatment of adult patients of all skin types.

Learning Objectives

Upon completion of this live activity participants should be able to:

- Summarize current and emerging therapies that hold promise for the effective treatment of skin cancers including actinic keratosis, basal cell carcinoma and melanoma.
- Define intrinsic and extrinsic factors of the normal aging process in patients with all skin types
- Select and formulate the appropriate aesthetic treatment plan using neurotoxins, dermal fillers, laser and light-based energy therapy technologies and cosmeceutical products in patients of all skin types who seek improvement in facial and skin appearance
- Compare patient selection, choice of injectable products and technique required to avoid potential complications and achieve optimal patient outcomes.
- Express current understanding of the pathophysiology of acne as it relates to effective diagnosis and treatment
- Discuss current theories on the pathogenesis of rosacea including the identification of genetic factors and gene loci that predispose affected patients to a rosacea phenotype
- Analyze evidence-based data on acne treatment options in order to improve treatment outcomes and improve patient adherence to therapy.
- Examine emerging clinical and therapeutic science insights into the pathogenesis and effective management of atopic dermatitis.
- Summarize the recently published AAD clinical guidelines on the management of atopic dermatitis
- Discuss the role of the innate and adaptive immune system function in normal skin and how changes in the immune system may contribute to inflammatory disease
- Assess evidence-based data on the relationship between psoriasis comorbidities and therapeutic selection
- Identify the psoriasis patient population that would benefit most from treatment with biologic response modifiers
- Indicate the types of superficial fungal infection presenting in the dermatology setting
- Formulate optimal treatment plans for difficult to treat onychomycosis and cutaneous superficial fungal infections including tinea pedis, tinea cruris and tinea corporis

Category 1:

Creighton University Health Sciences Continuing Education designates this live activity for a maximum of 30 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity. AAPA accepts AMA category 1 credit for the PRA from organizations accredited by ACCME.

Nurse CE

Creighton University Health Sciences Continuing Education designates this activity for 30 contact hours for nurses. Nurses should claim only credit commensurate with the extent of their participation in this activity.

Nurses licensed in Iowa and California: This activity was planned and developed in accordance with the continuing education standards of the American Nurses Credentialing Center (ANCC). The Iowa Board of Nursing and the California Board of Nursing will honor ANCC continuing education credits for face-to-face programs held outside Iowa and California, or for ANCC-approved online recorded courses taken in a self-study format.

Accreditation Statement

This activity has been planned and implemented by Creighton University Health Sciences Continuing Education (HSCE) and Physicians Continuing Education Corporation for the advancement of patient care. Creighton University Health Sciences Continuing Education is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing education for the healthcare team.

Disclosure of Commercial Support*:

This live activity is supported by educational grants provided by: Allergan, Inc., Galderma Laboratories, LP, Leo Pharma Inc., Merz North America, Inc., Valeant Pharmaceuticals North America LLC.

*As of 12/15/2016.

novan[®]

Novan, Inc. is a late-stage pharmaceutical company focused on redefining the standard of care in dermatology through the development and commercialization of innovative therapies using the Company's nitric oxide platform. Our ability to harness nitric oxide and its multiple mechanisms of action has enabled us to create a platform with the potential to generate differentiated, first-in-class product candidates. We believe that our ability to conveniently deploy nitric oxide on demand in topical formulations allows us the potential to significantly improve patient outcomes in a variety of skin diseases.
